Slowly all the sheep were killed and only this clever sheep was left. The wife of the fox knew about this clever sheep and so she started thinking of a plan to kill her.

My dear sister
are you at home ?

I do not want to speak with you. You are a murderer, who killed my other sisters.

No, I did not killed your fellow sheeps, it was all evil intention of my wicked husband.

The sheep did not belive her words.
www.iskcondesiretree.com

My husband has invited you for lunch at my home as a token of thanks.
www.iskcondesiretree.com

Sure! Because you are my friend I will accept your invitation. However, I will be accompanied by my army of voracious dogs, who are my bodyguards. Thus, insted of coming for lunch, we will come for dinner so that you may find enough time to cook for so many.

After hearing this the fox got scared because the sheep's bodygaurd dogs were their enemies.

Fearing for their life the fox and his wife left that place for ever.
